Deter Quad theft!

The Rural & Business Crime Officer, Lou Tooze and PCSO Pardoe visited farms in the Pershore area recently to deliver crime prevention advice to farmers that have fallen victim to quad thefts over recent weeks. If you own a quad, please consider the following to help deter thieves and keep your property safe:

- *A secure perimeter around your fields and outbuildings will help deter thieves from targeting livestock, vehicles and implements*
- *Check fences and hedges to identify weak spots that could provide unauthorised access to criminals or vehicles and secure where necessary*
- *Consider restricting access at your entrance to prevent unwelcome vehicles entering. Consider a gate alarm or barrier system*
- *Make sure valuable equipment is stored in a secure building behind a strong locked door, or use a metal cage and keep it locked when unattended*
- *When not in use, lock doors to outbuildings at all times. If equipment is in a barn or rick yard secure it with gates, an alarm or security beams*
